

LANMAN 2007

The 15th IEEE Workshop on Local and
Metropolitan Area Networks
Princeton, New Jersey, USA

IEEE

**IEEE
COMMUNICATIONS
SOCIETY**

June 11-13, 2007

Welcome!

- The workshop has a long history
 - Held once every 18 months
 - This is the 15th Workshop
 - Remains Vibrant and Interesting
- Workshop is a product of the work
 - Authors writing interesting papers
 - Participants
 - Technical Program Committee
 - Volunteers
- It is because of all of you that the Workshop is successful

Thank You!

Robert Doverspike and K. K. Ramakrishnan – General Co-Chairs

Many People Help make it successful

Our Thanks to

- Stein Gjessing and Virgil Dobrota: Technical Program Co-Chairs
- Kobus van der Merwe: Finance and Registration Chair
- Thanks to the Technical Program Committee
- Chuck Kalmanek – Coordinating IPTv Panel
- Krishna Pattabhiraman – Coordinating RFid panel
- Invited Authors and their colleagues
 - Victor Bahl
 - Maria Papadopouli
 - Jennifer Rexford
 - Manoj Wadekar
- Volunteers

Thanks!

Program Outline

- 7 Technical Sessions organized by the TPC
 - 4 Invited Papers
- 2 Panel Sessions
 - RFid Infrastructure – Monday afternoon
 - IPTv – Tuesday afternoon
- Poster Session – Tuesday

Details

- Breakfast will be served to everyone at the morning break on all 3 days
- Lunch will be served to everyone on Monday and Tuesday
- Everyone is invited to Dinner on Monday night
- Banquet on Tuesday night
 - Only those with tickets to the banquet ☹️
- Wireless with Internet connectivity in the room
 - BUT: Please don't miss the interesting talks
 - Authors can use the feedback from you – Let's make it an interactive workshop 😊

Tuesday Evening Event

- We will take a short (~ 10 minute) trip
- Grounds for Sculpture in Hamilton NJ
 - 35-acre sculpture park and museum
 - Over 240 contemporary sculptures
- Weather is going to be nice! Walk around and enjoy the gardens and surrounding area
- Banquet Dinner at the “Rat’s Restaurant”
 - adjoins the Grounds
- We will have transportation for banquet participants
 - Leave Hyatt at 5:15 pm
 - Return close to 9:30 pm

Enjoy the Workshop!

Keynote Speaker

- We are Honored to have **Professor Larry Peterson** from Princeton University as our Keynote Speaker
 - Larry Peterson is the Robert E. Kahn Professor of Computer Science at Princeton University.
 - Director of the Princeton-hosted PlanetLab Consortium and recently chaired the planning group that helped launch the GENI Initiative.
 - He is also a co-author of the best selling networking textbook "Computer Networks: A Systems Approach."
 - He received his Ph.D. degree from Purdue University in 1985.
 - Larry is a Fellow of the ACM
 - Professor Peterson has served as Editor-in-Chief of the ACM Transactions on Computer Systems, on the Editorial Board for the IEEE/ACM Transactions on Networking and the IEEE Journal on Select Areas in Communication, and as program chair for SOSP, NSDI, and HotNets.
 - His research focuses on the design and implementation of networked systems.
 - Larry was involved in the design and evaluation of several network protocols (TCP-Vegas), as well as the x-kernel and Scout operating systems.
 - Larry's been a member of the Internet's End-to-End Research Group
